Subject: Objection to Settlement for Katz-Lacabe et al v. Oracle America, Inc., Case number is 3:22-cv-04792-RS

CAUTION - EXTERNAL:

Per the description provided at

<https://www.katzprivacysettlement.com/faqs?id=21> please accept this communication as an objection to the Settlement for Katz-Lacabe et al v. Oracle America, Inc., the case number is 3:22-cv-04792-RS (per a).

Please find attached my signature (per g) and an email thread in which I attempted to communicate with the Settlement Administrator. In the email thread, I am informed "You are a settlement class member if you received notice of this settlement. No additional proof is needed from you to participate in the settlement."; this provides the basis for believing I am a Settlement Class Member (per b).

Based on a phone conversation with the court secretary, I understand that point c is only required to preemptively provided maximal communication avenues; My name is Michael Clark, and I may be best contacted via email at clark.michael.c+katzprivacysettlement@gmail.com (per c, partial).

I do not intend to appear at the Final Approval Hearing owing to travel costs, both financial and time (per e), nor do I have an attorney or counsel (per e and f).

My objections follow (per d):

1. This lawsuit is directed at protecting customer data from being sold by Oracle, but the method of distributing compensation to the aggrieved settlement class members requires them to permit Angeion Group, LLC to sell their data (see the email thread for details). I feel it is unreasonable to impose a harm in an attempt to correct a harm of the same nature.

2. The support offered by the Settlement Administrator is significantly sub-par. In the attached email thread, I received 4 non-answer responses to my inquiries of how to protect my personal data; 2 were completely irrelevant, the other 2 sending me to the same privacy policy I referenced in my inquiries. This refusal to answer substantially reduces my trust in the overall process, and in the Settlement Administrator particularly. I do not trust this Settlement Administrator and would like them to be replaced, independent of my first objection.

CAUTION - EXTERNAL EMAIL: This email originated outside the Judiciary. Exercise caution when opening attachments or clicking on links.

It appears you did not understand my question.

You might notice I link and cite multiple lines from that privacy policy in this email thread.

How can I prevent my name, address, and phone number from being used for marketing purposes by Angeion Group, LLC, if I register at KatzPrivacySettlement.com as a Settlement Class Member?
